

Mental Health Services Administration (SAMHSA), HHS

ACTION: Supplement to continue outreach services in Illinois and West Virginia and to expand activities into other areas of West Virginia and into western Pennsylvania.

SUMMARY: This notice is to inform the public that approximately \$600,000 will be available in FY 1999 to the Farmers Resource Center (FRC) of Cairo, Illinois to supplement their current grant award under the 1997 announcement *Mental Health Outreach to Coal Miners, Farmers, and Their Families*. Support will be provided for up to one year. The purpose of the award is to continue outreach activities that ameliorate stress associated with unemployment in rural communities and to increase access to, and utilization of, mental health and substance abuse services for coal miners, farmers, and their families in Illinois and West Virginia and to expand activities into additional areas of West Virginia and western Pennsylvania. This program is intended to address the needs of adults and their families in rural areas who have or may be at risk for developing a mental illness of substance abuse problem as well as their children who have or may be at risk for developing emotional or other behavioral problems. CMHS will make the awards based on the recommendations of the initial review group and the CMHS National Advisory Council.

This is not a request for applications. Eligibility for this grant award is limited to the currently funded Farm Resource Center (FRC) of Cairo, Illinois. The FRC has provided mental health and substance abuse outreach services in rural Illinois and parts of West Virginia. FRC has provided counseling to farmers, coal miners and their families, created a Statewide hotline, and utilized outreach counselors to work with rural families in their homes to address problems such as depression, alcoholism and domestic violence. The purpose of this supplemental award is to continue outreach activities in Illinois and parts of West Virginia and western Pennsylvania. The supplemental work is inextricably linked to the current activities the FRC is performing and the FRC is uniquely situated to provide services in western Pennsylvania and West Virginia in addition to Illinois. Therefore, the FRC is the only organization that may appropriately apply for this supplement to the existing award.

Authority: These supplemental awards will be made under the authority of section 520A of the Public Health Service Act, as

amended (42 U.S.C. 290bb-32). The Catalog of Federal Domestic Assistance (CFDA) number for this program is 93.125.
